Frequently Asked Questions

Are these lashes reusable?
 Yes! Our lashes are reusable up to 20 wears with proper care.

How do I apply my lashes?
 Measure the width of your lash line with the eyelash. Apply lash adhesive eyeliner on your lash line and wait 7-10 seconds before applying eyelashes. Apply lashes on top of the adhesive eyeliner.

How do I remove my lashes?
 We recommend delicately using makeup remover of your choice such as a makeup wipe, makeup remover oil or coconut oil with a cotton swab when removing false eyelashes or beauty products. Start by slowly peeling off the lashes from outer corner of the eyelid (not near tear drop area).
